Midoriya's Discord Server from Hell, Heaven, and Everything Else

by [twinklehana](#)

Summary

A group chat is made by Midoriya for his friends. The group eventually devolves into chaos and shitposts and memes at the hands of everyone but Midoriya (for he is a cinnamon roll).

Notes

YOOOOOO

ok basically i wanted to write a bnha chatfic that was a bit.. different from most of the bnha chatfics out there (oh god i sound like a hipster)

so this fic's gonna be a bit more realistic w the characters and not have literally everybody be gay save for the 1 or 2 token straight characters lol

..also that means theres gonna be less of a focus on relationships and more of a focus on shitposts and jokes like in my other chatfic (i said this in the tags too)

so i hope all of you sinners enjoy lmao

(name subject to change because im a shithead)

See the end of the work for more [notes](#)
